How to utilize the Fieldwork Curriculum Toolkit

You have a Level II fieldwork student starting

Have your student complete the "Get to know you" Worksheet

Review and utilize the week-by-week student benchmark guidelines

Is your student progressing as expected

YES → Continue on with fieldwork and continue to utilize the student benchmark guideline

NO → Identify the area that your student needs more skill development

Locate available resources within the toolkit to aide with skill development

Is your student now on track and progress as expected?

YES → Continue on with fieldwork and continue to utilize the student benchmark guideline

NO → Reach out to Student Coordinators: Lisa and Andrea

Problem solve through next steps.

Reach out to school and implement a learning contract as deemed appropriate
